LIST OF SUNDRIES.

The following are all of the finest quality, and we can highly recommend

Bull's Potting Compost for Cypripediums. This Compost, specially prepared by ourselves, has proved after some years' use the greatest boon in Cypripedium culture. The extraordinary way Cypripediums root in it and their extreme vigour of growth astonishes all visitors to our Nurseries and convinces them of its extreme utility. After potting the plants in the Compost, it is only necessary to surface with Sphagnum Moss. Having proved itself of such great value to ourselves, we have much pleasure in offering it with the greatest confidence to other Cultivators. In sealed sacks, **20/-**

Osmunda Fibre. Specially recommended, as being the finest and most durable material yet used for all Orchids. **10/6** per bag.

Peat. Best fibrous. **7/6** per bag; **20/-** per sack.

Leaf Soil Compost. We can supply this mixture as used by ourselves, consisting of a portion of leaves, peat fibre, moss, etc., ready for use. **15/** per Sack

Leaf Soil. Prepared ready for mixing with other material. **10/6** per Sack.

Selected Sphagnum Moss. The best obtainable **3/6** per Bushel; **12/-** per Sack.

Celluloid Labels. Very durable. 4 in., **5/-** per 100; 5 in., **6/-** per 100

FOREIGN ORDERS.

Owing to the great difficulty of collecting accounts abroad, we respectfully intimate that a remittance must accompany all foreign orders sufficient in amount to cover cost of order, packing and carriage, or an order must be sent for payment in London.

In ordering it will be only necessary to quote marginal numbers.
